DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. ***Claims 1-24 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.***

More specifically, the language " or above " in each of the independent claims 1, 8, 9, 13, 14, and 21 is not at all clear as to the scope thereof, this phrase is used twice in each of the aforementioned independent claims. It is not understood whether " or above " relates to " the predetermined value ", " the target lift amount " or " an allowable value ". Applicants should amend each of the independent claims to correct the above deficiency.

Conclusion
